3/9/2026	BANK	Bank transfer — WVZ Pitsand, Riversand	-$641.00
Total transferred to old system			-$4,755.50

⚠ These costs are tracked in a separate external system and not linked to job cards in this ledger. No invoice or revenue entry for WVZ project is visible in this report period.

FLAGS & ANOMALIES

HIGH

Closing Balance Discrepancy

The report header states Closing Balance = **$2,938.00**, but the running balance at the final (most recent) transaction shows **$362.37**. The unexplained gap is **$2,575.63**. Since this is an "All Time" report, opening balance should be $0 and closing should equal net movement (+$362.37). This is either a system calculation bug or an undisclosed opening balance.

HIGH

Undocumented Large Withdrawal — Mr Mufambisi

Transaction #19 (3/9/2026): **-$6,907.30** CASH — described only as "Withdrawal-Mr Mufambisi". This is the single largest outflow with no job card reference, no purpose code, and no approval chain visible. Requires supporting documentation and authorisation record.

HIGH

Shadow "Old System" Tracking Gap

$4,755.50 (24.5% of all outflows) was transferred to an external "old system" across 7 transactions for the WVZ project. These costs are not linked to any job card in this system, making it impossible to calculate the true profitability of the WVZ job. No corresponding WVZ revenue entry exists in this ledger.

MEDIUM

Revenue Classification Error — Mr Mabhena

The **$3,000.00** received from Mr Mabhena (curtains & water system) is classified as **TOPUP** instead of **INCOME**. This understates recognised revenue and distorts income reporting. Should be reclassified and linked to a quote/invoice.

MEDIUM

Partial Payments — Outstanding Receivables

Two incomplete payment positions exist: (1) JC-2026-0128 — 10% balance of approximately **~$1,538.89** still outstanding. (2) Mr Mabhena received "part payment" of $3,000 — total contract value unknown, full outstanding balance not determinable from this report.

MEDIUM

Excessive Transfer Charges

Total bank/transfer charges: **$103.34** in 3 days. Notably, the EcoCash transfer fee was **$50 on a $1,000 transfer (5%)** — exceeding the standard 2% threshold in the audit framework. Bank charges: $30 + $19.24 + $4.10.

LOW

Roll Top Ridges — Mrs Uchena (No Job Card)

$250.00 CASH expense on 3/11/2026 for Roll Top Ridges for Mrs Uchena has no associated job card or invoice reference. Should be linked to a job or sales order to ensure it is billed to the customer.

LOW

Loan Inflow Inflates Total Credits

The **$2,938.00** loan repayment received (Rutendo Mufambisi) is included in Total Credits, inflating the headline figure. True operational revenue for the period is **$16,850.00**, not $20,798.00.

QUICK REFERENCE — KEY FIGURES

METRIC	VALUE
True revenue (excl. loan)	$16,850.00
JC-2026-0128 gross profit	$6,739.30
JC-2026-0128 margin	48.7%
Commission rate (JC-0128)	3.34%
JC-0128 balance outstanding	~$1,538.89
Total transfer charges	$103.34
Taxes paid	$140.89
